This Lesson 5: Observing Seasonal Expression of Migratory Behavior in Pine Siskins is brought to you for free and open access by the Urban EcoLab at Digital Commons @ Loyola Marymount University and Loyola Law School. It has been accepted for inclusion in Module 11: Bird Migration by an authorized administrator of Digital Commons@Loyola Marymount University and Loyola Law School. For more information, please contact [digitalcommons@lmu.edu](mailto:digitalcommons@lmu.edu).

Directions: Photocopy the role card sheet according to the number of groups of 3 in the class. Each group gets 1 set of cards.

Suggested: Copy single-sided on card stock paper; laminate; cut and put role card sets in envelopes to be distributed more easily to groups.

<b><u>SCRIBE 1:</u></b> <b>PREDICTIONS</b>	<b><u>SCRIBE 2:</u></b> <b>QUESTIONS</b>	<b><u>SCRIBE 3:</u></b> <b>HYPOTHESES</b>
<p>Responsible for writing down at least (but not limited to) three of the group's predictions about the migratory behaviors that may be observed when watching the videos of the captive Pine siskins <i>Spinus pinus</i> in Activity 3.</p>	<p>Responsible for writing down at least (but not limited to) three of the group's valid questions about migratory bird behaviors.</p>	<p>Responsible for writing down at least (but not limited to) three of the group's testable hypotheses about migratory behaviors that may be observed when watching the videos of the captive Pine siskins <i>Spinus pinus</i> in Activity 3.</p>
