Faculty and Students

Arthur N. Frakt, Dean

The results of the July '87 bar are reasonably encouraging. Loyola's pass rate for first time takers was 64.7%, almost exactly at the state ABA average of 64.8%. We were fourth among the twelve private ABA accredited schools in California, and very close in performance to U.S.C. and U.C.L.A. Nevertheless, it is clear that a significant percentage of our graduates is not passing the California bar. We are hopeful that the mandated grading means and standard deviations will have a positive effect on bar passage along with our somewhat stricter admissions standards. We shall have some indication whether this is a realistic expectation with next July's bar exam.

Our registrar's office is preparing an exhaustive statistical analysis of our students' bar performance over the last four years. We should have some preliminary data by February, with complete information next summer.

In the meantime, I have reviewed the success/failure of our students in comparison to their law school GPAs, the only statistics readily available from the bar examiners.

I realize that some students are not comfortable with this information, but I continue to believe that students may benefit from knowing where they stand statistically with regard to planning their studies and realistically appraising their chances for success, and what they must do to improve them.

These statistics include both first time and multiple takers. For the most part, those with high GPAs was failed were first time takers, while those with low GPAs who passed tended to be repeaters.

above 85	total takers	(p)	(f)	% passing
above 85	45	42	3	93
84-84.99	25	24	1	96
83-83.99 82-82.99	29 34	27 27	2	93
81-81.99	43	27	16	79 62
80-80.99	38	23	15.	60
79-79.99 78-78.99	34 43	16	18	47
77-77.99	50	14	29 41	33
76-76.99	40	7	33	18 17.5
75-75.99 under 75	23	2	21	9
under 75		0	7	0

(Figures may be subject to some adjustment)

These figures are dramatic evidence of the very close relationship between law school grades and success at the bar examination. Obviously even the very best students must take the bar examination scriously and prepare for it diligently, and there is hope of eventual passage by students whose overall performance was only marginal to adequate; but students who are receiving a significant percentage of the grades in the mid- to high-70's should redouble their academic efforts.

I must also add that those students in the high-risk category would do well to consider the advisability of significant participation in extracurricular activities, externships and outside work if they find that such activities detract from the time available for their studies. Although outside activities may all be of great value, and may, in some cases, whet the student's appetite for greater efforts in his or her studies, unless performance on examinations is consistently at the B to B+ level the likelihood of bar passage is problematic.

Finally, both faculty and students must consider whether our disqualification and probation lines are set too low. We do no one any favor (and may be violating our ABA accreditation obligations) if we retain a student in school who has little chance of entering the legal profession.

FINANCIAL AID OFFICE

The Financial Aid Office will be closed on Thursday, January 29, in addition to Friday, January 30. The office staff will be attending a student aid conference. The inancial Aid Office will re-open on Monday, February 2nd.

APPLYING FOR FINANCIAL AID/SCHOLARSHIPS FOR 1987-'88:

The California Student Aid commission is late distributing SAAC forms this year. Because of this delay, the '87-'88 financial aid application deadlines listed in the Spring '87 registration pamphlet are being rescheduled.

inancial Aid is awarded on an annual asis. Aid can only be renewed upon annual reapplication and as long as a student continues to demonstrate financial need.

1987-88 financial aid applications will be processed in a two-fold manner: Summer

applicants and Fall/Spring applicants. To ensure maximum consideration for all possible avenues of funding, students are encouraged to begin the financial aid application process as soon as possible to comply with the required deadlines.

SCHOLARSHIPS

To be eligible for merit/need scholarships students <u>must</u> apply for financial aid and complete their applications by the Fall/Spring application deadline; dates are noted under the section pertaining to application procedure.

CALIFORNIA STATE GRADUATE FEL-LOWSHIP

(Deadline: Monday, March 2, 1987)

Fellowship awards are for partial tuition and fees based upon need and merit. Applicants are ranked competitively according to undergraduate grades, LSAT score, and consideration of disadvantaged background.

All students who are current recipients are required to apply for a renewal. In addition, all full-time day students who are not currently receiving State Graduate Fellowships are encouraged to apply if they are California residents and will be in their 2nd year of law school. Students must submit the Graduate Supplement along with the Student Aid Application for California (SAAC) by the deadline Monday, March 2. (Both forms are available in the Financial Aid Office.)

APPLICATION PROCEDURE

Students who plan to request funding for Summer Session should notify the Financial Aid Office, in writing, immediately. By doing so, the Financial Aid Office can prepare an individually designed application packet for a student. This should help minimize some confusion with regard to the necessary forms required from the student.

Individually prepared Summer Session financial aid application packets will be available for pick-up beginning Monday, February 2, 1987. Deadline for submitting the Student Aid Application for California (SAAC) will be Monday, March 2, 1987; all other basic documents will be due in the Financial Aid Office by Monday, April 20, 1987 at 6:00 p.m.

Those students who are not planning to attend classes during Summer Session but would like to receive funding for the school work programs (i.e., research assistants or

other on-campus positions, and off-campus work-study positions), must comply with the deadlines outlined above. Students who are planning to apply for off-campus work-study positions must receive an eligibility award before accepting employment.

Summer graduates may apply for summer funding only; Fall graduates may apply for summer and fall funding; and non-graduates may apply for summer, fall, and spring funding.

Fall/Spring financial aid application packets, for students not applying for summer funding, will be available for pick up beginning Monday, March 23, 1987. Deadline for submitting the Student Aid Application for California will be Friday, April 17, 1987; all other basic documents will be due Wednesday, May 20, 1987 at 5:00 p.m.

PLEASE NOTE:

Applications will only be accepted in their entirety; all basic documents must be submitted at the same time and must be thorough and complete.

1986 federal tax returns must be prepared early enough to provide the Financial Aid Office with photocopies of signed tax returns with all schedules and attachments. This means that a student's financial aid award may be adversely affected if that student and/or his or her parent(s) file for an extension.

Applications submitted and/or completed after the set deadlines will not receive priority for available funds.

Workshops will be held to assist you with all of your financial aid questions as well as in filling out your forms.
