# FINANCIAL AID

#### RECONSIDERATION FOR GUARANTEED STUDENT LOAN ELIGIBILITY

One of the most significant changes to the Guaranteed Student Loan Program resulting from the Higher Education Amendments of 1986 is the requirement that all students demonstrate financial need in order to qualify for a Guaranteed Student Loan (GSL). As most GSL applicants are aware, in order to determine GSL eligibility, the Financial Aid Office must use a need analysis system which has been approved by the U.S. Secretary of Education.

The impact of this need analysis system on GSL eligibility has been considerable, especially affecting many of Loyola's single and married independent students who fall within the thirty-five percent (35%) or greater income tax bracket. These students were eligible for GSL's in 1986-1987, but because of the change they are now ineligible this 1987-1988 academic year.

In an attempt to alleviate the hardship this may pose, those students who fall within the above-noted tax bracket may appeal their awards. However, students must realize that the parameters within which the Financial Aid Office can reevaluate are very limited and specific. Therefore, students must be able to demonstrate, within accepted guidelines, that the expected family contribution indicated on their award letters does not accurately account for the expected available cash flow required to contribute to their expected educational expenses. To do this, the student must provide, in writing, the following documentation with an explanation:

-Copies of the student's two most recent family income pay stubs, e.g. student and spouse.

-Verification from employer of all deductions withheld from monthly gross income, if not noted on pay stubs. This must include taxes and insurance premiums.

-Verification of termination of employment, if applicable.

-Official estimates of medical, dental, pharmaceutical, child care, and/or car repair expenses expected to be incurred during the school year. All verification must be furnished by the person providing the services.

Due to the considerable amount of staff resources that will be required to analyze the appeals, it is anticipated that appeals submitted to the Financial Aid Office will take a minimum of 35 working days for review. Students will be notified in writing as to whether or not the new information will affect their GSL eligibility.
