POST PRODUCTION	\$600.00
Music Licensing	\$200.00
Film Festival Submissions	\$400.00
TOTAL	\$5,450.00
Contingency (15%)	\$818.00
GRAND TOTAL	\$6,268.00

As this is a project of ambitious size and scope, I will only be asking for a fraction of my grand total budget to be provided by the Honors Research Materials Grant. As my team and I will also be raising money through a Kickstarter crowdfunding campaign, I ask that the grant provide a total of **\$1,000** to satisfy the transportation costs involved with the film. We will be shooting on location in Orange County, CA, so it is imperative that our crew and equipment are transported there efficiently and effectively. Thus, **my final request for the Honors Research Materials Grant is a total of \$1,000.00.**

Timeline: The film shoots March 23rd-25th, 2018, and I will be working on it throughout the semester leading up to (and in the weeks following) the shooting weekend.
