## **Predicted Budget**

### Lily Kerns

*As an experienced illustrator, Lily would be paid \$20.00 per hour*

**Lily's Workload:** Lily aims to finish ten drawings of the architectural sites total, and each drawing is predicted to take 10 hours to complete using Adobe Illustrator. Thus, she expects to spend 100 hours on the project, and requests to be paid at the rate of \$20.00 per hour given her expertise in illustration.

**Illustration Total: \$2,000**

---

### Calvin Foss

*As an academic researcher and writer, Calvin would be paid \$15.00 per hour.*

**Calvin's Workload:** Calvin aims to research and annotate for all ten drawings in conjunction with Lily's work. Given his experience with academic research in Honors courses and other research opportunities, Calvin expects to spend  $\frac{2}{3}$  of the time Lily spends drawing on research and writing for the coloring book. Thus, he expects to spend 67 hours on the project, and requests to be paid at the rate of \$15.00 per hour.

**Research & Annotation Total: \$1,000**
