Hi Amir!

Thank you for catching that! I'll be sure to edit it before I turn it in later tonight.

I didn't end up completing the proposal in full yet, but I have all the information on the paper! You don't have to read through all of it. I'm reattaching the Mentor Statement below!

Research Mentor Statement (to be sent by your mentor via email)

I have reviewed the final proposal and presentation of (your name) and: (ask your mentor to select one of the following)

- _____ *I approve their inclusion in the Research & Exhibition collection of LMU Digital Commons.*
- _____ *The work contains material that cannot be made public; please post its title and abstract only.*
- _____ *The work is extremely sensitive and cannot be listed on LMU Digital Commons at all.*

Thank you again!

And this looks good, Raymond. Looking forward to seeing more. Just a minor typo in that on slide 3, parallels and conclusions, you have:

“liberation requires naming the issues the catholic church have done.”

That should be “liberation requires naming the issues the catholic church has done.”

I’m out of touch for the rest of today, and hopefully if you send me something today, I can look it over before the midnight deadline to approve.

Take care, and stay safe,

Amir

Hi Amir!

This is just the powerpoint and not the proposal (still am working on that!) I'll try getting that to you soon, but I have a couple of other assignments lined up for the week.

Hope you have a great weekend!

Hi Raymond. Thanks for this. If you could get it to me Friday or Saturday, that would be great. Sunday, I'm busy for most of the day, but I should be able to look at it after 6 pm, which would give us enough time before the midnight deadline if needed.

Take care,

Amir

Hi Amir!

I hope you've been well!

Just letting you know- I have to turn in a final proposal and presentation for the Honors Research Proposal this Sunday (12/13) by midnight, and a portion of it requires your approval/statement to the

italicized question below! I will try to finalize the assignment and send it to you this weekend (hopefully around Friday night, but because I have so many other assignments due, possibly Saturday night/Sunday morning). It would hopefully not be too big of a time commitment, as I think you would just scan through the two files and see if it is appropriate to be on a public forum.

This is the [link](#) for the full assignment rubric if you need any clarification, but I'm happy to answer any questions you may have to the best of my ability!
